FACADE GRANT PROGRAM INFORMATION

PRIOR TO APPLYING FOR GRANT FUNDING, PLEASE REVIEW THE PROGRAM DESCRIPTION

Program Overview

The Community Redevelopment Agency's (CRA) Commercial Facade grant program aims to improve commercial properties' visual appearance through small-scale exterior building enhancements and site improvements. Grants may be awarded to property owners or tenants for exterior improvements to a commercial property within the CRA district. **This program is intended for exterior facade renovations and/or repairs that do not exceed a total project cost of \$25,000. The CRA will fund a 50% matching grant toward the total cost of the project up to a maximum of \$12,500.** Applicants may spend more than \$25,000 on their building project; however, the maximum grant amount will remain at \$12,500.

Program Eligibility and Activities

The Funding for the Commercial Facade grant program is based on budget availability and will be considered on a first-come, first-served basis. Application submittal does not guarantee approval for funding. All applications will undergo a review and approval process to determine eligibility for approval. Priority will be given to new applicants applying for funding, while applicants who have previously received CRA funding, regardless of previous award date, may be deemed ineligible. Applications that do not comply with program criteria will not be considered for funding. Grants will not be awarded for work completed prior to the execution of a grant agreement between the CRA and the applicant. All funding decisions are final. This grant program cannot be combined with any other CRA grant program for interior and/or exterior renovations. Individual storefronts contained in one parcel will be considered eligible for funding if they have unique mailing addresses and entrances.

Grant Process

Property owners or tenants must submit a complete grant application. If the applicant is a tenant, the property owner will be required to authorize exterior renovations in writing via a notarized letter. CRA staff reviews the application for funding eligibility. Once an application is complete and in compliance with the grant program, CRA staff will provide a letter of approval and schedule a meeting to execute a grant agreement outlining the approved funding amount, total project costs, project timeline, and scope of work. The application form is available at www.cityofbartow.net.

Property Information

The subject property must have an active tenant or a tenant that will be open for business once the building improvements are complete. Applicants must supply proof of a lease that identifies at least a minimum of a one-year term or a plan to be approved for occupancy for a year from the time building improvements are complete. Existing tenants must provide proof of a lease that identifies a minimum of one year remaining in the lease term after execution of the grant agreement.
